The 11th EUA Council for Doctoral Education (EUA-CDE) Thematic Workshop, entitled 'The Impact and Outcomes of Doctoral Education Reform in Europe', was held at the University of Malta, Valletta Campus on 18 and 19 January 2018. Academic leaders, heads of doctoral schools and doctoral education professionals from around Europe participated.

Key practices concerning doctoral education that have been introduced in a number of universities, such as institutional structures, doctoral supervision, transferable skills training and career development, and intersectoral collaboration, were discussed. Part of the discussion
