Lessons learnt

Prospects for the future

Enhancement of learning and teaching

- More than just « teacher training »
- Academic staff development /
- Teaching as recognised professional activity
- career paths: link to/ parity with research

Space and opportunities for « meaningful conversations » and collaboration

- Within institutions: top down-bottom up - strategies & structures
- among institutions, university networks
- national level initiatives

European level initiatives – added value

- Linking national initiatives
- Support institutions from systems with no national initiatives
- European Forum for L&T, Thematic Peer Learning Groups
- Other ideas? [EFFECT Feasibility Study](#)
- European Higher Education Area:
 - [Paris Communiqué 2018](#) « Innovation in Learning and Teaching », a European hallmark
