Approach to R&I
and HE"

8 March 2022

2. The Ministerial Conference on a Global Approach to Research, Innovation and Higher Education

Objectives

- facilitate discussions between Member States to agree on the key principles and values of international cooperation
- underline the orientations of the Union's policy on cooperation with third countries

2. The Ministerial Conference on a Global Approach to Research, Innovation and Higher Education

The Declaration provides a framework for the future for fair, open, inclusive, participatory science that works for the common good, which will form the basis for dialogue with non-EU countries

Outcome

- Ministerial debate on the principles and values of international cooperation
- Marseille Declaration on international cooperation in research and innovation

2. The Ministerial Conference on a Global Approach to Research, Innovation and Higher Education

Three thematic workshops

2. The Ministerial Conference on a Global Approach to Research, Innovation and Higher Education

Planned follow-up

- Formal Member States position on principles and values in international R&I cooperation

- Launch of a multilateral dialogue on principles and values in international R&I cooperation

3. Coordination between EU and Member States level on international R&I cooperation

Support to the objectives defined in the “Global Approach to R&I” via the ERA Forum

Pilot initiatives based on the “Team Europe” approach

Multilateral dialogue on the values and principles of international R&I cooperation

Advice on the development of a “European Science Diplomacy Agenda”

Coordinated approach to engagement in multilateral initiatives

Monitoring and implementation
