

TRENDS 2024

Preliminary results from the survey

Michael Gaebel and Thérèse Zhang

European Learning and Teaching Forum
Bochum, 9 February 2024

Trends 2024

A milestone publication of EUA's since 1999 (9th edition)

Maps developments in the European HE landscape

Comparative data

From the perspective of HEIs

Associated with the reforms under the Bologna Process

- 2023 survey (for Trends 2024):
 - ✓ May-July 2023
 - ✓ 490 responses (1 per institution, from leadership)
 - ✓ 46 EHEA countries covered
 - ✓ Longitudinal data from T2015, T2018, and earlier thematic surveys (DIGI-HE, INVITED)
 - ✓ 6 sections:
 - * The institution and its context
 - * The student lifecycle and experience
 - * Learning, teaching and teachers
 - * Inclusion, equity and diversity
 - * Engagement and outreach with society and community
 - * Internationalisation
- Publication: End May 2024 (Ministerial conference)

Who answered?

Size of participating institutions

Type of participating institutions

Developments impacting institutions' overall strategy, past five years

Primary mission - education or research

Areas of importance to the institution

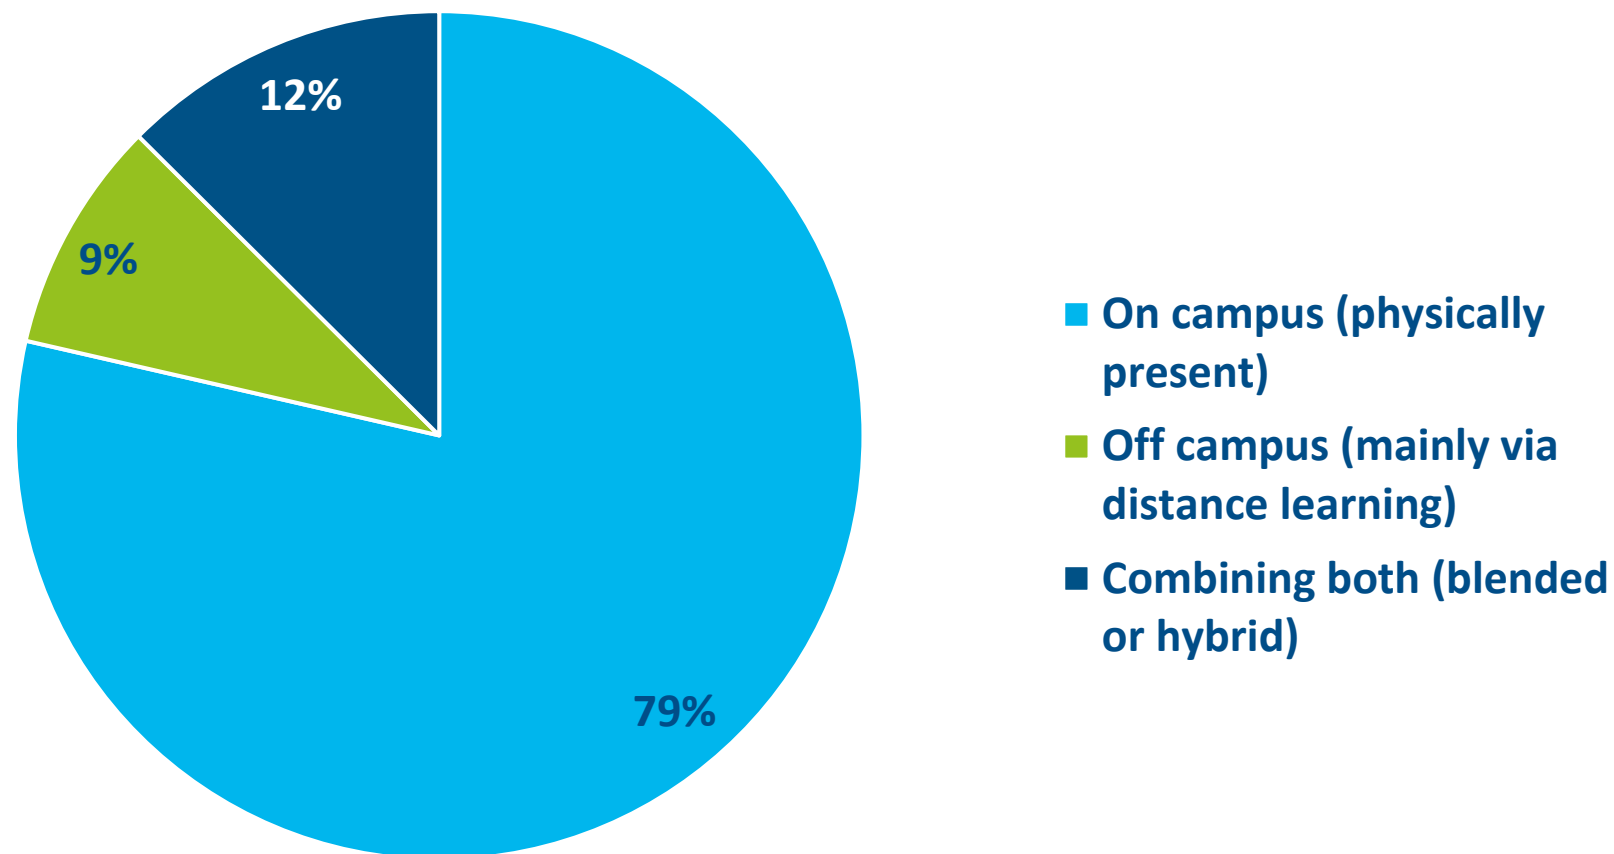

Increases post-Covid 19

Average percentage of students that study...

But... back to
normal?

Discussion

1. How would you relate to what has been presented? Do you recognise some situations, developments in particular, which you would like to share with other participants at your table?
2. What would you say is the most challenging trend in what has been presented, at your institution or in your country?
3. What would you say is the most hopeful or encouraging trend in what has been presented, at your institution or in your country?

(More) flexible learning

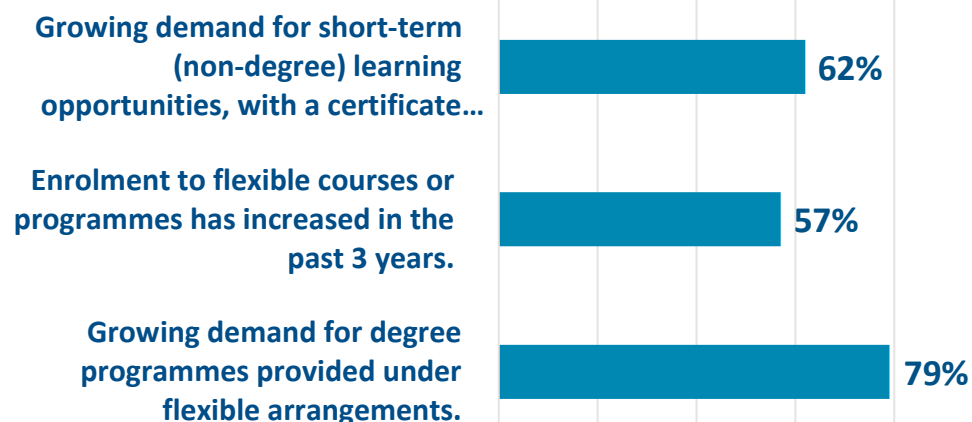

Offer of non-degree programmes or courses
(learning certificates, badges or micro-credentials)

Non-degree learners are registered
as...

Challenges for non-degree programmes or courses

T2018

Yes / To some extent

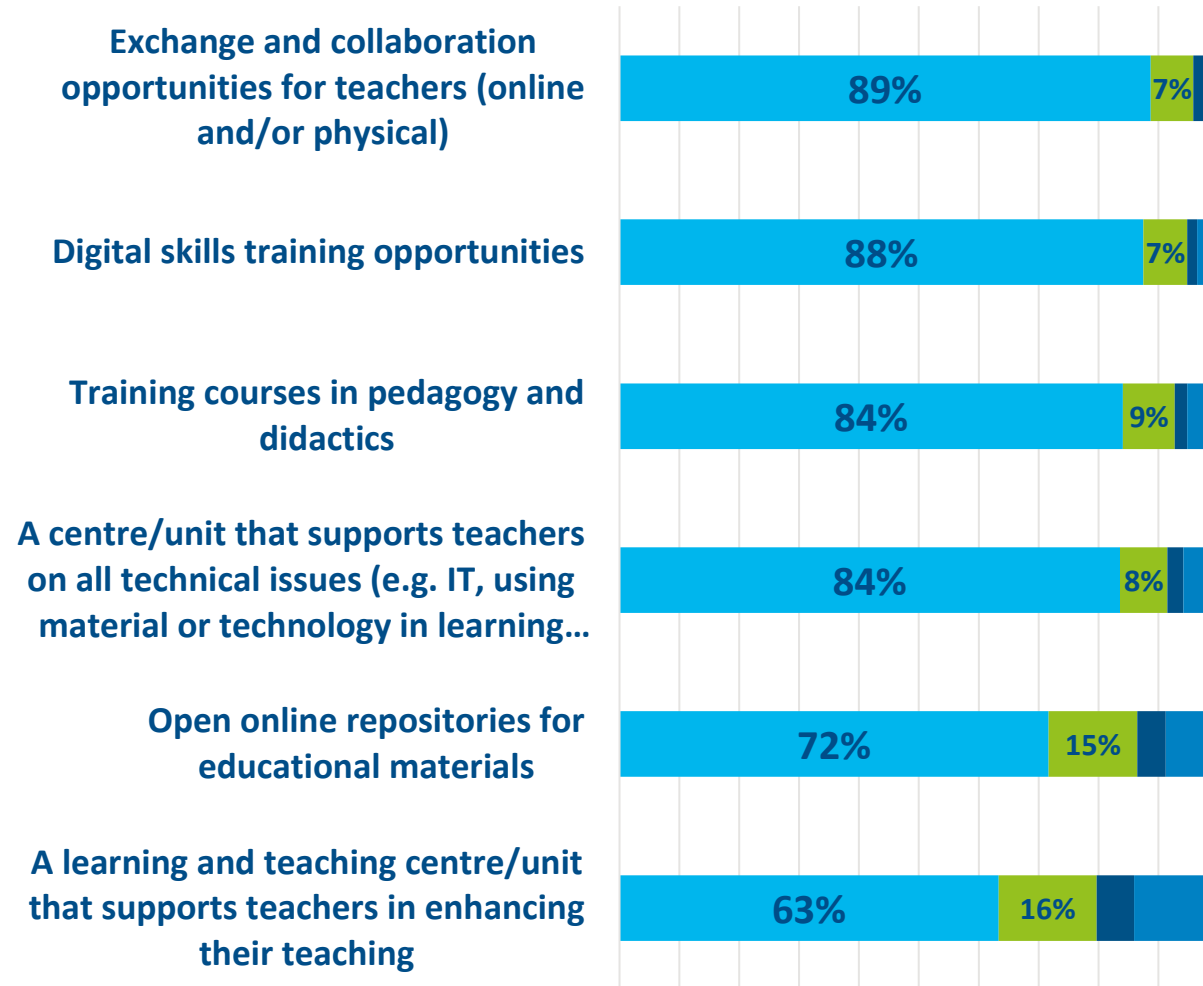

Flexibility for students to...

Role of teaching performance evaluations in career progression

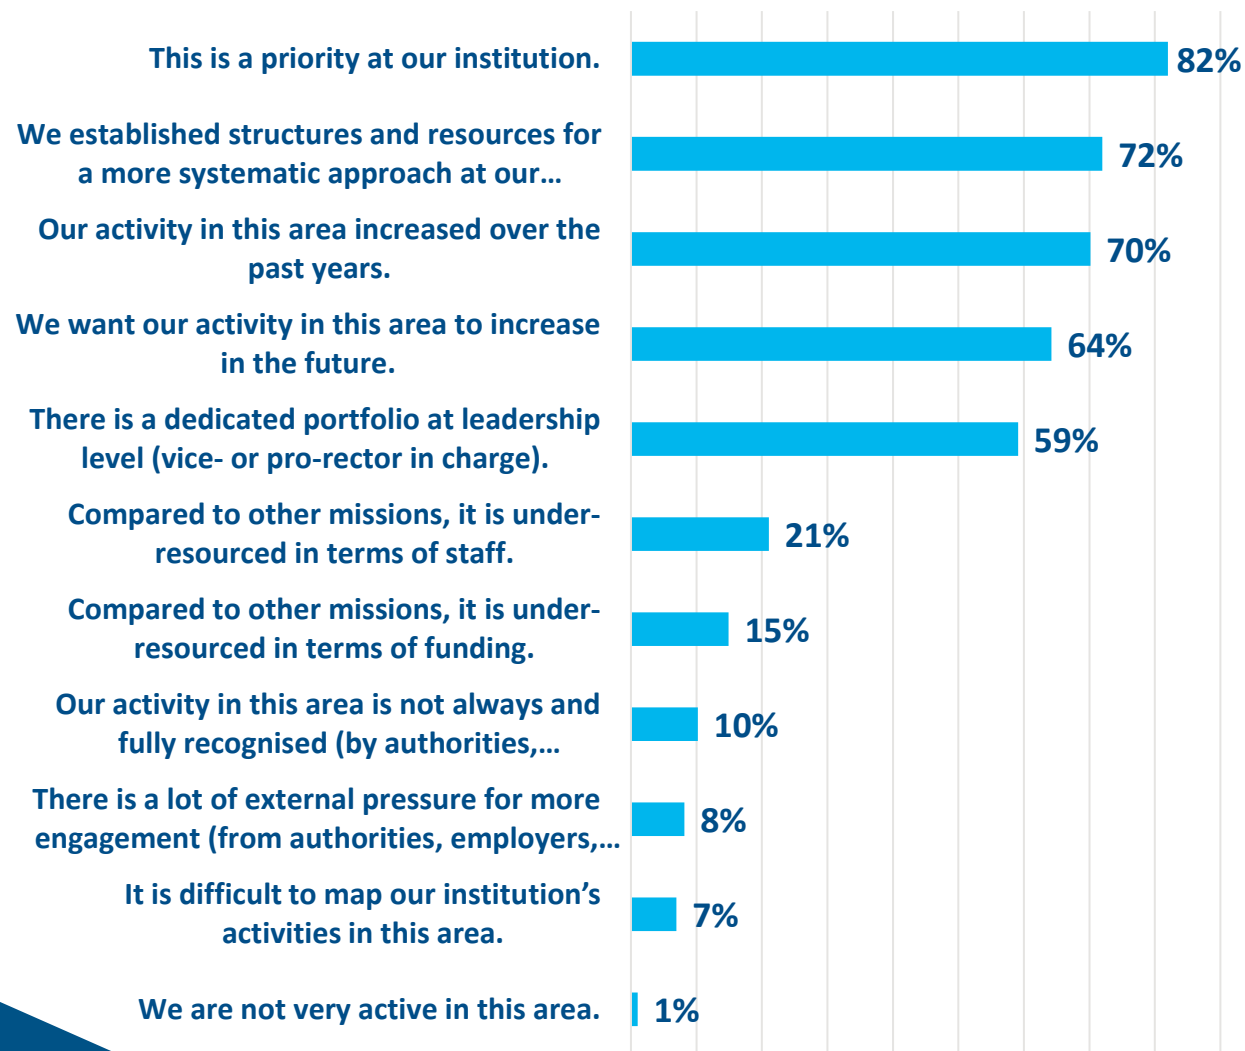

Support to teaching staff

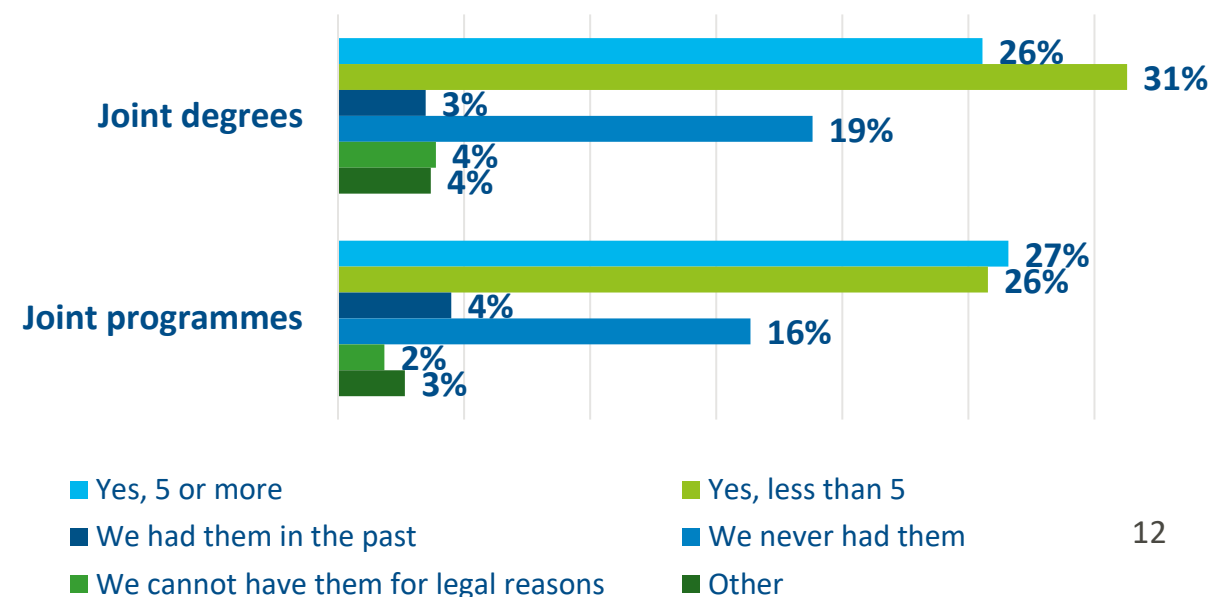

Is learning and teaching becoming more « internationalised »?

International exchange and collaboration

	≤5%	6-10%	11-20%	21-50%	More than 50%	No information/NA
Percentage of students with at least one physical mobility experience during...						
Bachelor	34%	25%	20%	9%	4%	8%
Master	37%	20%	18%	10%	4%	10%
PhD	30%	10%	9%	9%	13%	28%

Joint offer
