

**Inclusivity, diversity and internationalisation in doctoral education
achieved through structures, policies and development**

Dr Heather Sears

A Globally Connected University

- Our staff and students are global citizens we are recognised as a leader in student mobility.
- 33% of our students and 20% of our staff from overseas.
- A growing number of strategic international research collaborations.

Working with Industry and Business

- Translational research is at the heart of all our activity.
- We have a dedicated Enterprise and Innovation team who develop and support our external partnerships.

Coventry University's Approach to Research

Research Coventry

- Research is integral to the corporate plan
- Investment in research is measured and bounded
- Defined research mission and approach
- Emphasis on research training
- Building international partnerships

Creating Better Futures

- Currently we have over 1000 researchers (increasing to 1500 by 2021) working in our challenge led interdisciplinary research centres.
- In addition to external research funding the University is committed to an investment into research of over £120m between 2014 and 2021.

Intelligent products & processes

Health & Wellbeing

Creative Cultures

Sustainability & Resilience

Safety & Security

**Five Research Themes
Sixteen Research Centres**

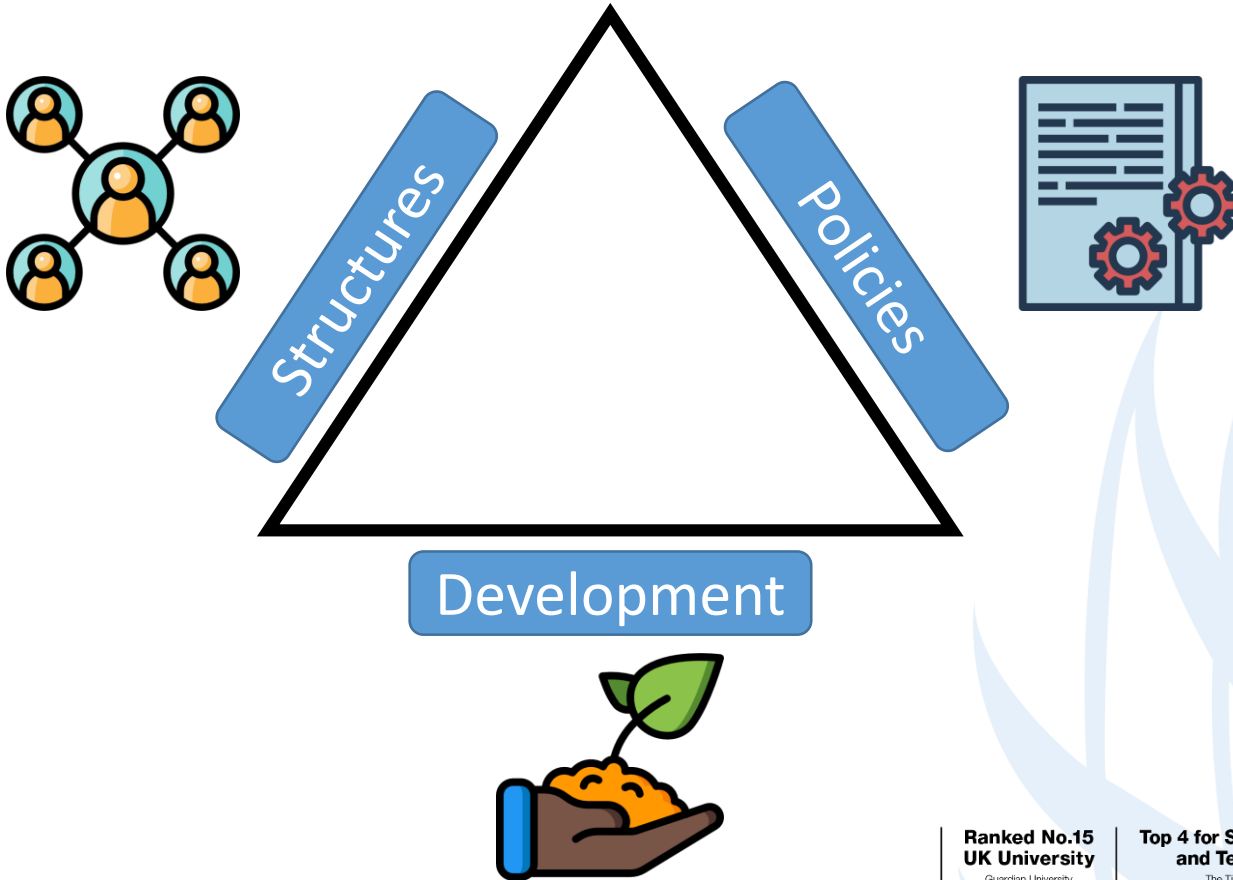

The Doctoral College & Centre for Research Capability and development delivers a cutting-edge, professional and evidence-based seamless offer of support and development to researchers from PhD to Professor

Diversification of doctoral
portfolio

Postgraduate researcher
administration

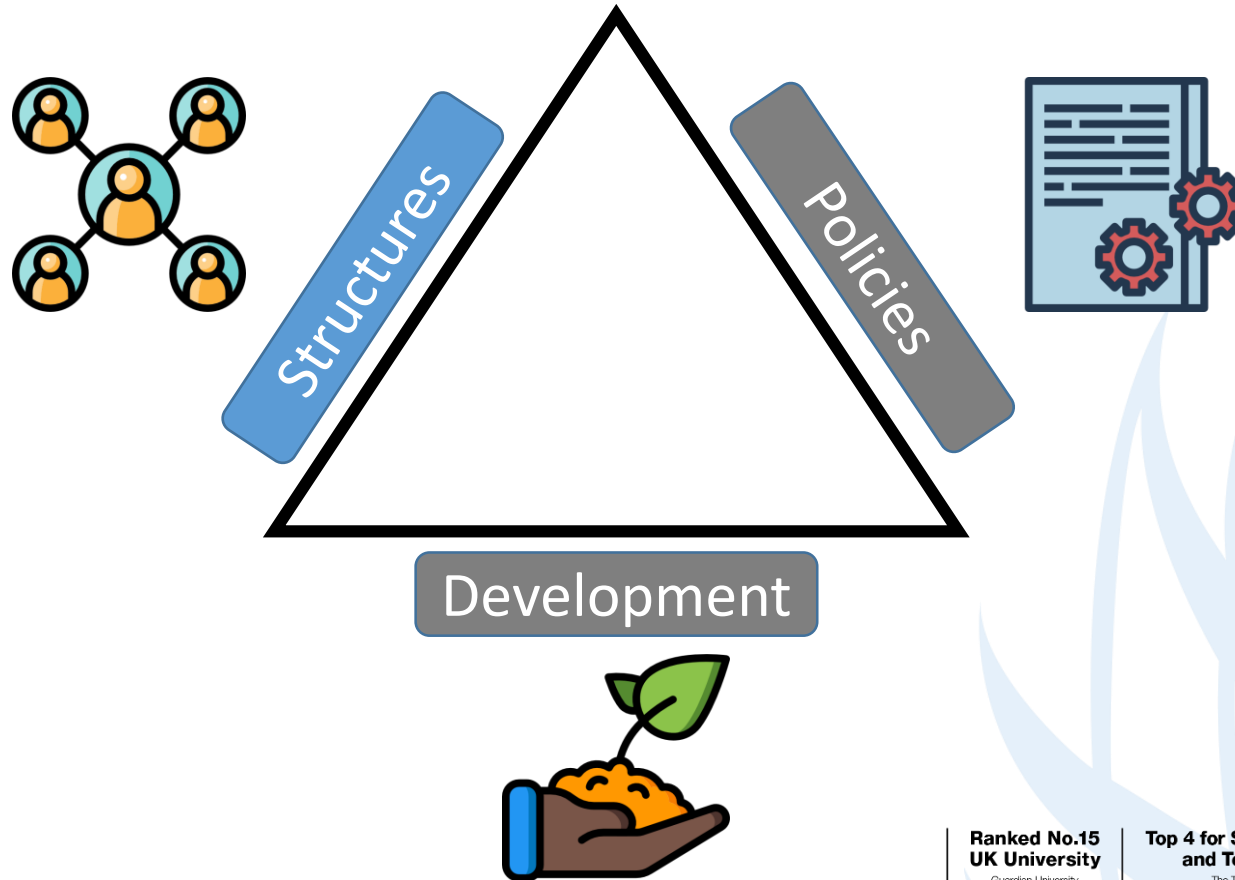

Researcher training and
development (PhD to
professor)

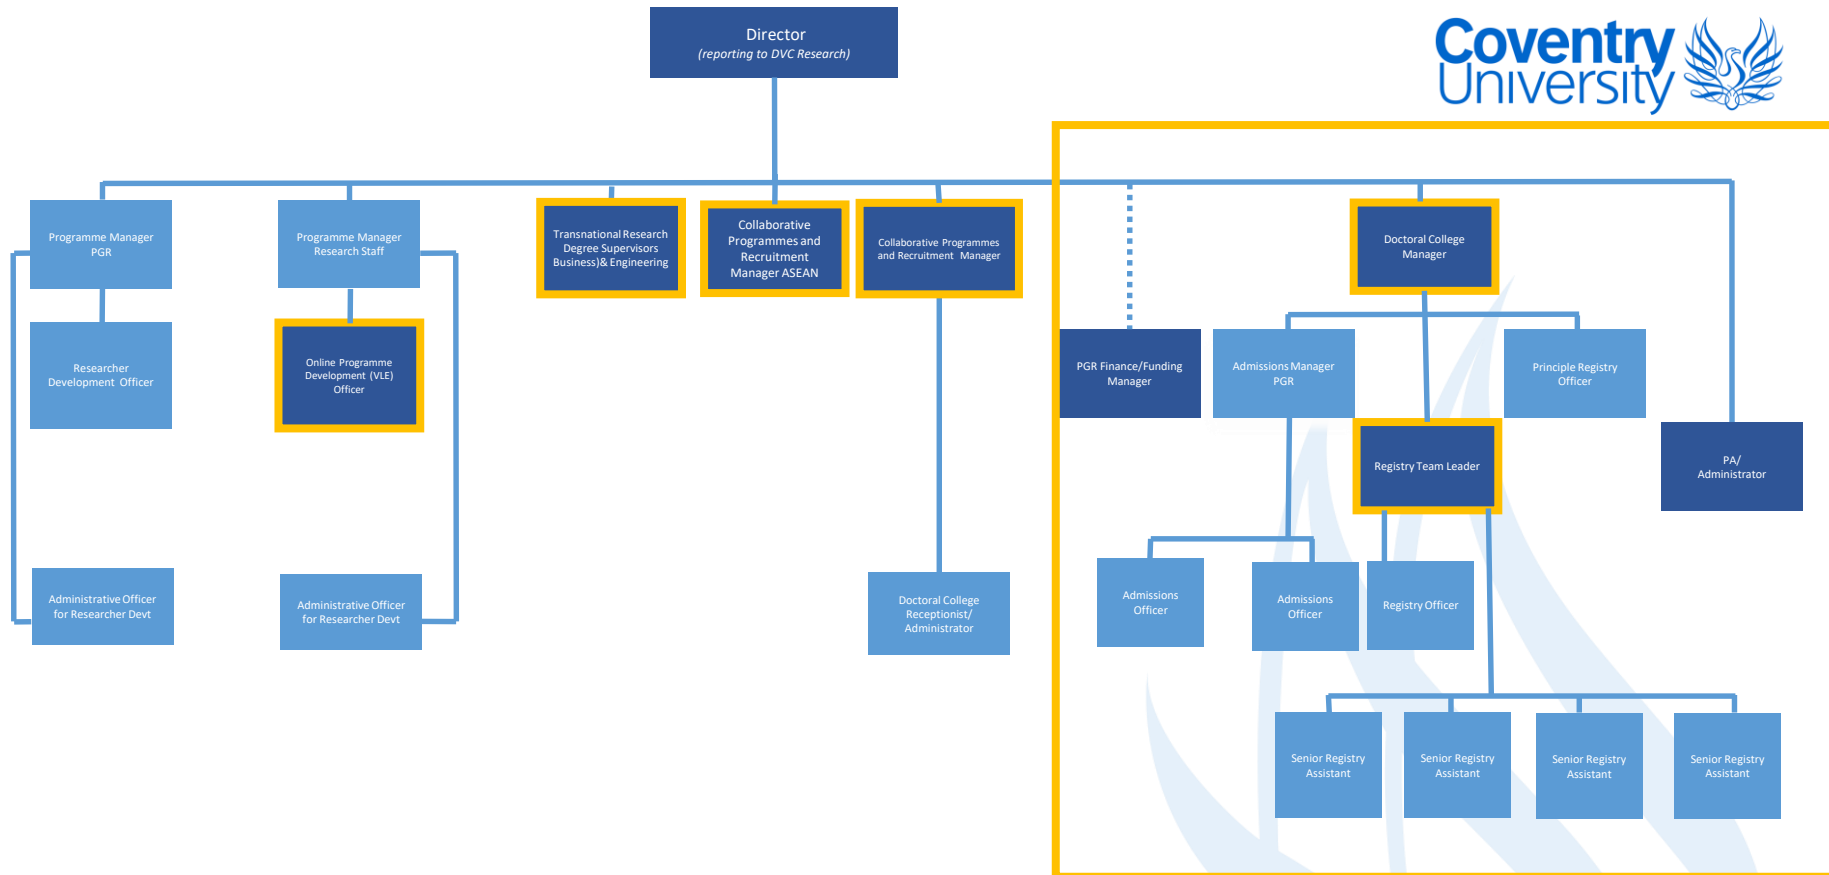

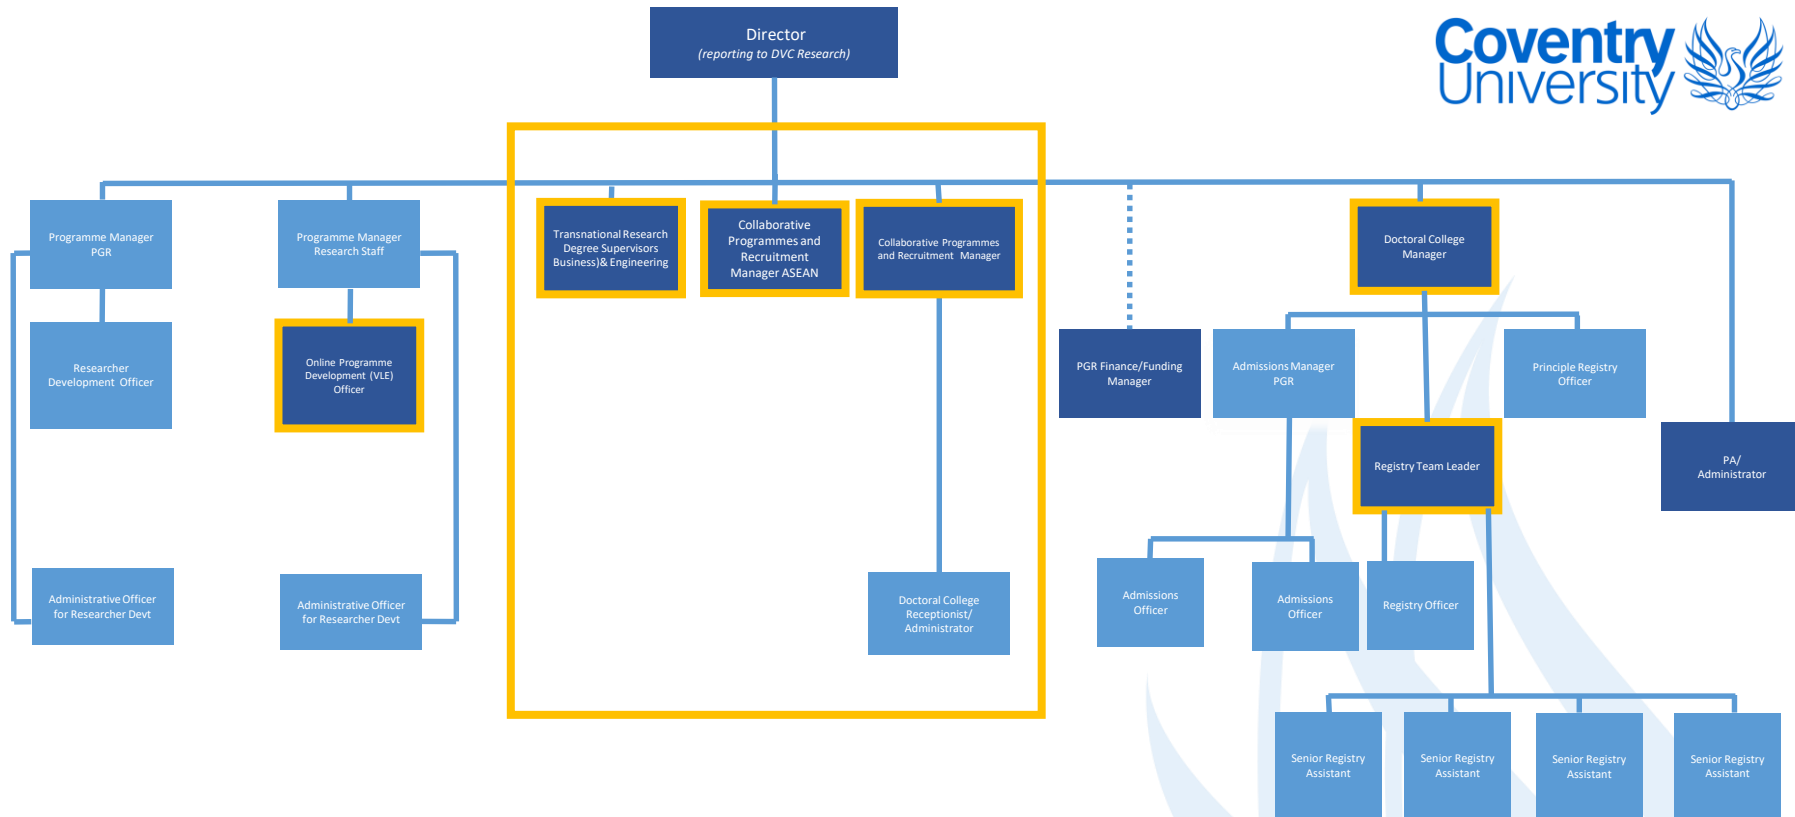

Doctoral Portfolio

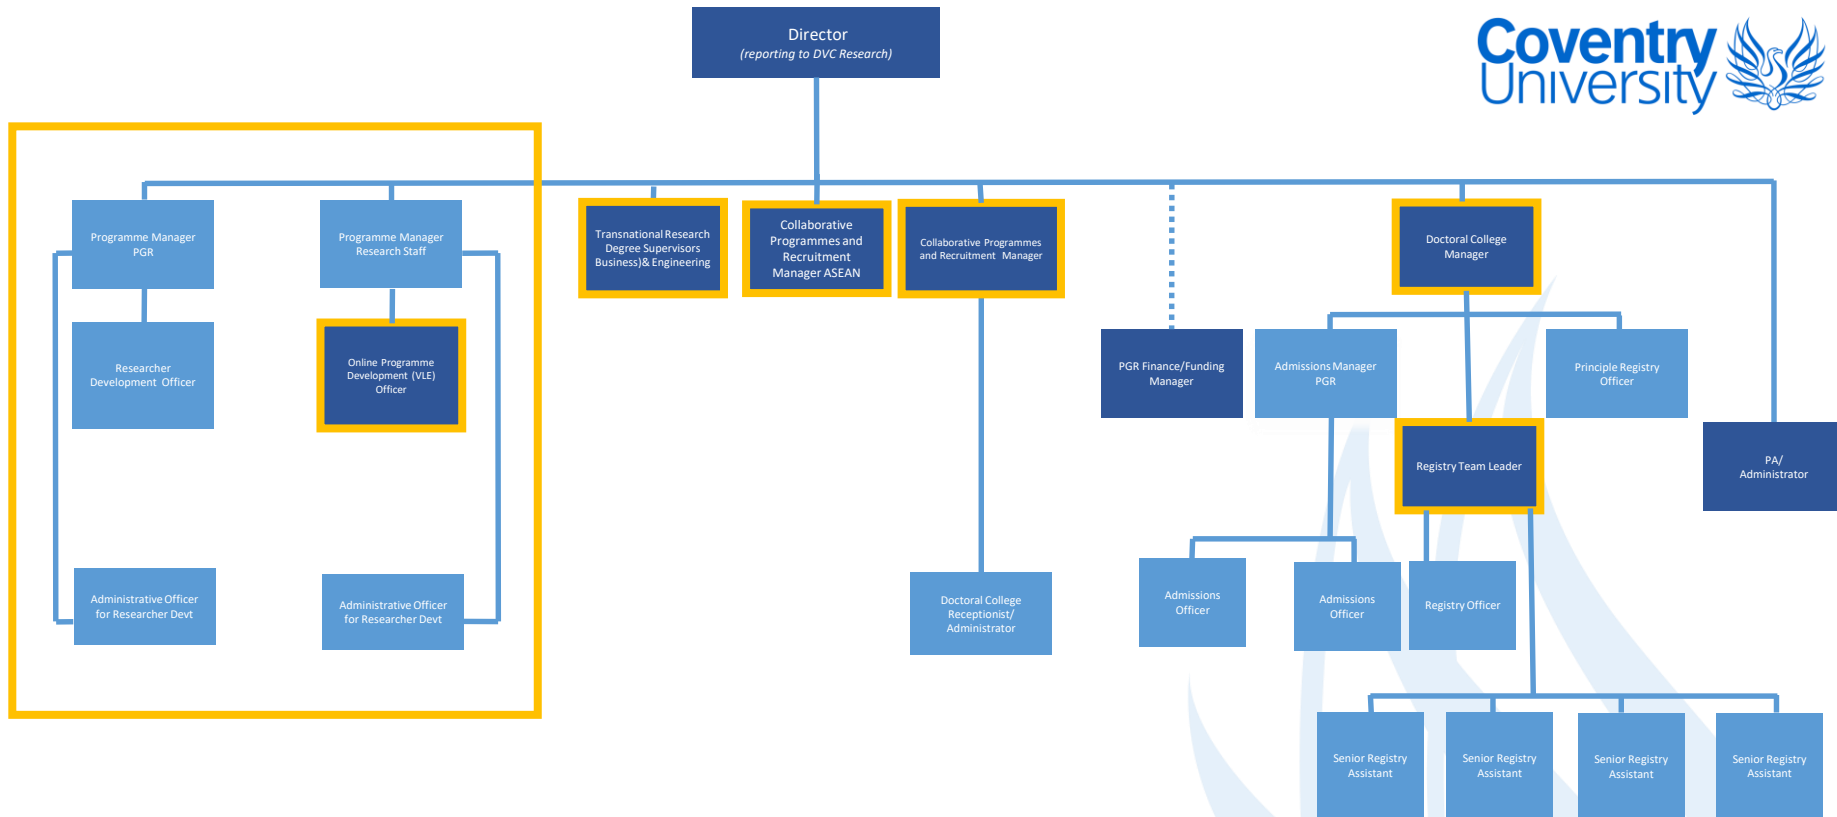

- Doctoral Training Centres
- Co-tutelles
- Transnational Research Degrees
